PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and produced a suite of **digital campaign assets**, including **HTML5 animated display banners**, ensuring visual engagement and adherence to brand guidelines.
- Translated complex client briefs and business objectives into compelling **creative solutions**, delivering high-quality visual assets across multiple channels.
- Managed a portfolio of **12 concurrent design projects**, consistently meeting agreed deadlines and maintaining exceptional attention to detail for accurate, high-standard deliverables.
- Collaborated directly with clients through regular onsite meetings and presentations, effectively communicating **design concepts** and visual ideas to stakeholders.
- Developed and delivered **animated web banners** using **Adobe Animate**, integrating dynamic content and ensuring cross-browser compatibility for client campaigns.
- Worked closely with cross-functional teams to support integrated marketing campaigns, contributing visual design elements and ensuring brand consistency across all touchpoints.
- Contributed to the creation of a client-facing **design system**, standardising visual elements and brand assets to improve consistency and efficiency in asset production.

SKILLS

Design Tools – Adobe Creative Suite, Adobe Animate, Google Web Designer (GWD)

Digital Design – HTML5 animated display banners, digital campaign assets, asset production, brand guidelines

Client Interaction – Client-facing, presentations, liaising directly with clients, stakeholders

Project Management – Managing multiple projects, deadlines, organisational skills, attention to detail

Creative Strategy – Translating briefs, business objectives, compelling creative solutions, visual ideas

PROJECTS

Client Campaign Asset Suite Development

- Created a comprehensive set of **digital campaign assets** for a key client, including animated banners, social media graphics, and email templates, to support a product launch.
- Designed and iterated on multiple concepts for **HTML5 animated banners**, incorporating client feedback to achieve a final selection that met aesthetic and performance requirements.
- Ensured all assets adhered strictly to the client's established **brand guidelines** and campaign messaging, delivering a cohesive visual identity across all deliverables.

Interactive Web Banner Production Framework

- Developed a reusable framework for producing **HTML5 animated web banners** using **Adobe Animate**, significantly reducing production time for standard banner sizes by approximately **40%**.
- Implemented interactive elements and call-to-action buttons within banners, collaborating with client marketing teams to ensure alignment with campaign goals and user engagement strategies.
- Documented the banner production process and best practices, enabling smoother handoffs and faster integration into client digital advertising platforms.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
