PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided operational and business support to the global Customer Success team, acting as the primary interface between CSM and worldwide operational functions to achieve organizational objectives.
- Partnered with sales leadership on programs, decision support, and business process improvement, including forecasting, pipeline management, and sales automation tools.
- Assisted in supporting and executing go-to-market plans for business acquisitions, ensuring successful integration of sales organizations.
- Managed enterprise tool configurations and data integrity for SFDC and Aviso, supporting CSM workflows and renewal processes.
- Developed and maintained operational reports and dashboards using **Power BI** and **Excel** to track key performance indicators for renewals and customer success metrics.
- Analyzed sales territories and account management data to identify trends and provide actionable insights for strategic planning and prioritization.
- Coordinated change control management for system updates and supported post-go-live activities across interconnected enterprise systems.

SKILLS

CRM & Sales Tools – SFDC, Aviso, Excel, PowerPoint

Business Operations – Revenue Operations, Sales Support, Customer Success, Renewals, Forecasting, Pipeline Management, Account Management, Territory Planning, Sales Commissions, Go-to-Market Strategy

Data Analysis & Reporting – Power BI, Data Analysis, Business Process Improvement, Operational Reporting, Trend Analysis

Project Management – Project Management, Change Management, Cross-functional Collaboration, Relationship Building

Core Technologies – Java, Spring Boot, Python, SQL, AWS, Docker, Linux

PROJECTS

Sales Operations Dashboard Enhancement

- Developed interactive dashboards in **Power BI** to visualize key renewal metrics and sales pipeline health for the Customer Success organization.
- Integrated data from multiple sources using **Power Query**, transforming raw sales data into actionable insights for leadership review.
- Collaborated with business analysts to gather requirements and refine report design, ensuring alignment with strategic objectives and stakeholder needs.

Customer Renewals Process Automation

- Automated routine data validation tasks for customer renewal contracts using **Python** scripting, reducing manual effort by approximately 15% per cycle.
- Designed and implemented REST APIs using **Java Spring Boot** to integrate customer data between CRM and renewal tracking systems.
- Supported cross-functional teams in UAT and post-implementation triage for new automation features, ensuring smooth transition and adoption.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
