PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Performed **electrical and mechanical troubleshooting** on production equipment, diagnosing and resolving issues to minimize downtime.
- Assisted with the **installation and relocation of complex machinery**, ensuring proper setup and calibration according to technical specifications.
- Managed **incoming goods, including detailed stock checks and inventory reconciliation**, maintaining accuracy for warehouse operations.
- Executed **picking and packing of customer orders** with high accuracy, consistently meeting agreed turnaround times for dispatch.
- Operated **computerised inventory systems** to track stock levels, manage equipment, and support operational activities.
- Coordinated and completed **assigned project tasks within specified timeframes**, ensuring alignment with operational objectives.
- Maintained a **clean, safe, and organised working environment** by adhering to site safety protocols and housekeeping standards.

SKILLS

Technical Support – Troubleshooting, Maintenance, Installation, Repairs, Equipment Handling, Technical Aptitude

Warehouse Operations – Stock Management, Goods Receiving, Inventory Control, Cycle Counts, Picking and Packing, Order Fulfilment

Systems & Software – Computerised Systems, SAP (Advantageous), Microsoft Project (Advantageous), Teamwork (Advantageous), Microsoft Office Suite

Soft Skills – Attention to Detail, Problem-Solving, Organisation, Time Management, Communication, Interpersonal Skills, Customer Service, Initiative, Adaptability

Environment & Safety – Safe Working Environment, Health & Safety Protocols, Independent Work, Working Under Pressure

PROJECTS

Equipment Installation and Configuration Project

- Managed the end-to-end process for **installing and configuring new machinery** on the production floor, including site preparation and initial testing.
- Collaborated with technical teams to perform **electrical and mechanical diagnostics** on newly installed units, resolving any initial setup issues.
- Documented the installation procedures and initial troubleshooting steps, creating a guide for future deployments and maintenance.

Warehouse Inventory Optimisation Initiative

- Conducted comprehensive **cycle counts and stock checks** across multiple warehouse zones, identifying and rectifying discrepancies.
- Implemented a refined **goods receiving process**, improving the accuracy of delivery checks and stock logging by approximately 15%.
- Utilised **computerised stock management systems** to update inventory levels and generate reports on stock movement and storage efficiency.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
