HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained **iOS applications** using **Swift**, focusing on implementing new features and resolving reported bugs.
- Managed the entire lifecycle of mobile app deployment to the **App Store**, including submission, review processes, and post-release updates.
- Collaborated within an **Agile** development team, participating in sprint planning, daily stand-ups, and retrospectives to ensure timely delivery of features.
- Implemented **Git branching strategies** and conducted code reviews to maintain code quality and facilitate team collaboration.
- Contributed to the **SDLC** by actively participating in requirement analysis, design discussions, and testing phases for mobile application development.
- Integrated **RESTful APIs** to enable seamless data exchange between the mobile client and backend services, supporting core application functionality.
- Containerized mobile application build processes using **Docker** for consistent development and deployment environments across different stages.

SKILLS

Mobile Development – iOS, Swift, App Store Deployment, RESTful APIs

Version Control – Git

Methodologies – Agile, SDLC, Scrum

Containerization – Docker

Backend Integration – APIs

PROJECTS

Customer Engagement Mobile App

- Developed an **iOS application** in **Swift** to enhance customer interaction with enterprise services, featuring a personalized dashboard.
- Integrated **RESTful APIs** to fetch and display real-time user data and service status, improving information accessibility for end-users.
- Managed app versioning and updates through **Git**, ensuring a stable and evolving user experience for a pilot group of 50 internal users.

App Store Submission Pipeline Automation

- Engineered a streamlined process for packaging and submitting **iOS applications** to the **App Store**, reducing manual effort by approximately 40%.
- Automated build configurations and code signing steps using **Swift** and shell scripting, ensuring adherence to Apple's distribution guidelines.
- Documented the end-to-end deployment workflow, enabling faster onboarding for new developers joining the mobile team.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
