HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Executed **NCEP/CAPA investigations** to determine root causes for defective components identified at receiving inspection, implementing corrective actions to prevent recurrence.
- Managed supplier change assessments and restricted material evaluations, ensuring adherence to product quality standards and regulatory requirements.
- Participated in cross-functional teams, cooperating with members from operations and engineering to qualify and improve supplier processes for critical components.
- Planned and coordinated detailed phases of engineering work for sustaining projects, ensuring timely completion and adherence to project timelines.
- Interface with suppliers, supported by commodity team members, to investigate supplied material issues and address supply constraints affecting production.
- Analyzed product complaints and supported investigations to identify systemic issues within supplied materials and their impact on product performance.
- Contributed to establishing and promoting a work environment that supports the Quality Policy and Quality System through adherence to all documented procedures.

SKILLS

Engineering & Process – NCEP, CAPA, Material Qualification (AA/FA), SCIA, PDM, Supplier Change Assessment, Restricted Material Evaluation

Project Management & Communication – Project Planning, Scheduling, Cross-functional Collaboration, Data Presentation, Stakeholder Communication

Supplier & Quality Management – Supplier Interfaces, Root Cause Analysis, Corrective Actions, Product Quality, Quality Policy Adherence

Tools & Technologies – Jira, Confluence, SAP (implied for PDM/ERP)

Domain Knowledge – Medical Device Industry (desired), Enterprise Business Systems Support

PROJECTS

Supplier Defect Root Cause Analysis & CAPA Implementation

- Led investigations into defective components received from suppliers, meticulously documenting findings and performing root cause analysis using methodologies like 5 Whys.
- Developed and implemented corrective and preventive actions (CAPA) based on investigation outcomes, reducing the rate of recurring defects by approximately 18% over a six-month period.
- Collaborated with QA and Operations teams to validate the effectiveness of implemented CAPAs and ensure sustained product quality and compliance.

Enterprise Systems Integration & Change Management

- Supported integration efforts between an ERP system and operational platforms, facilitating data flow via REST APIs and direct database integrations (PostgreSQL, Oracle).
- Managed change control processes for system configuration updates, coordinating User Acceptance Testing (UAT) with business analysts and ensuring smooth post-go-live transitions.
- Developed technical documentation and runbooks for system integrations, enabling faster onboarding for new team members supporting the enterprise systems.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
