PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided **1st and 2nd level IT support** to internal users, resolving issues across **Windows 11** and **Microsoft 365** applications via a busy helpdesk.
- Administered **user accounts**, **systems access**, and the company's telephone system, ensuring timely provisioning and deprovisioning.
- Managed and maintained **endpoint security**, including the rollout and administration of **MDM** solutions and **Microsoft Defender**.
- Supported end-user hardware such as **laptops**, **desktops**, and mobile devices, alongside workplace technologies like **AV equipment** and **Wi-Fi**.
- Executed **patching and upgrading** of operating systems, software, and applications, ensuring systems were up-to-date and secure.
- Carried out routine checks on **backups** and conducted **restoration testing**, maintaining data integrity and disaster recovery readiness.
- Collaborated with **security**, **infrastructure**, and **application teams** on escalations and IT projects, contributing to system stability.

SKILLS

Operating Systems – Windows 11, Linux

Microsoft Ecosystem – Microsoft 365, Office 365, Exchange Online, Teams, OneDrive, SharePoint, Active Directory, Microsoft Entra, Group Policy, Exchange Online

Endpoint Management – MS Intune, Microsoft Defender, Endpoint Central, MDM

Infrastructure & Support – ITIL practices, DNS, DHCP, Citrix / Terminal Services, enterprise anti-virus, backup and restoration, OS imaging, application deployment

Hardware & Peripherals – laptops, desktops, mobile devices, printers, AV equipment, Wi-Fi, access control

PROJECTS

Enterprise System Support and Upgrade Initiative

- Managed the deployment of **Windows 11 upgrades** and **Microsoft 365 application updates** across a user base of over 500 employees, coordinating UAT with business stakeholders.
- Configured and maintained **MS Intune policies** for device compliance and security, successfully enrolling 95% of the managed device fleet within the first quarter.
- Developed comprehensive **runbooks** for common IT support requests, reducing average ticket resolution time for L1 issues by 18% and improving team knowledge sharing.

IT Service Desk Enhancement Program

- Implemented a new **ticketing system** workflow to better track and manage hardware and software requests, improving visibility into support queues for the IT team.
- Provided **deskside support** and remote troubleshooting for **laptops**, **desktops**, and **printers**, resolving an average of 15-20 user issues per day.
- Assisted in the planning and execution of a **security vulnerability management** program, identifying and remediating critical patch levels across all corporate endpoints.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
