PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Assisted in establishing and developing a company's regulatory reporting function by researching and interpreting EU regulations, legislation, and reporting guidelines.
- Developed and maintained **Excel** reports to analyse data and capture information required for regulatory submissions, including extensive use of **VLOOKUPs**.
- Liaised with external suppliers to obtain and verify data necessary for completing statutory and regulatory reports, ensuring accuracy and completeness.
- Supported the year-end audit process by preparing and providing financial documentation and data to auditors, facilitating a smooth audit cycle.
- Contributed to ad hoc finance projects and administrative tasks, demonstrating flexibility and a proactive approach to supporting departmental needs.
- Managed day-to-day Health & Safety administration, ensuring accurate and up-to-date employee training records were consistently maintained.
- Managed competing priorities in a fast-paced environment, delivering on multiple tasks concurrently while maintaining high standards of quality and detail.

SKILLS

Finance & Reporting – Regulatory Reporting, Statutory Reporting, Audit Support, Financial Analysis, Data Analysis, Compliance

Microsoft Excel – Advanced Excel, VLOOKUPs, Data Analysis, Reporting, Formula Development

ERP Systems – ERP System Usage, Financial Systems Integration

Business Operations – Data Management, Record Keeping, Stakeholder Communication, Supplier Liaison, Administrative Tasks

Compliance & Regulations – EU Regulations, Legislation Interpretation, Reporting Guidelines

PROJECTS

Financial Data Analysis and Reporting Platform (HCL Technologies)

- Developed a suite of **Excel**-based reports for a financial services client, automating the extraction and summarization of transaction data.
- Implemented data validation checks within the reporting framework to ensure accuracy and adherence to financial reporting guidelines.
- Collaborated with business analysts to gather requirements for new report features, enhancing the analytical capabilities for operational decision-making.

Regulatory Compliance Data Aggregation (MSc Data Analytics)

- Designed and built **Power BI** dashboards to visualize key financial metrics and compliance data for regulatory submissions.
- Extracted, transformed, and loaded (ETL) data from various sources using **Power Query** to prepare datasets for analysis and reporting.
- Applied **DAX** measures to create calculated fields and KPIs, providing deeper insights into financial performance and adherence to regulations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS
