HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Designed and implemented **MES manufacturing batch records (MBRs)** and **generic manufacturing batch records (GMBRs)**, ensuring alignment with process flow maps and design specifications for a **manufacturing execution system**.
- Chaired review sessions for **MES project deliverables**, validating against the overall project plan and ensuring adherence to **Good Documentation Practices (GDP)** and regulatory compliance.
- Coordinated and led **Pre-Execution (PE) testing phases**, including static and dynamic testing of MES records, and reviewed data for the build of OPM recipes to support MES construction.
- Managed the deployment of **MES documents** and supported change control processes, coordinating with area owners to ensure readiness of **process areas** (hardware, barcoding) for MES deployment.
- Led the manufacturing element of go-live activities for **MES records**, ensuring smooth transition to production floor operations and overseeing hypercare support.
- Monitored and analyzed **KPI data** related to MES/MFG activities to drive consistency and timeliness in record close-outs and overall process efficiency.
- Developed **Python scripts** to automate data extraction and reporting for operational dashboards, reducing manual effort by approximately **40%** for the finance operations team.

SKILLS

MES/Manufacturing – Manufacturing Execution Systems (MES), Werum PAS/X, Manufacturing Batch Records (MBRs), Generic Manufacturing Batch Records (GMBRs), OPM Recipes, Process Area Readiness, Plant Testing, Shakedowns, Go-Live Activities, Hypercare.

Project Management & Support – Project Deliverables, Project Plan, Design Spec Review, Pre-Execution Testing, Documentation Approval, Change Control, Stakeholder Coordination, Troubleshooting, Problem-Solving, Analytical Skills.

Data & Automation – Python Scripting, Data Extraction, Reporting Automation, Operational Dashboards, ETL, Data Validation.

Compliance & Quality – Good Documentation Practices (GDP), Regulatory Compliance, Audit Trails, Change Management.

Core Engineering – Java Spring Boot, REST APIs, SQL, PostgreSQL, AWS, Docker, Linux, Git, Jenkins, Jira, Confluence.

PROJECTS

MES Record Deployment and Validation Framework

- Developed a standardized framework for reviewing and approving **MES manufacturing batch records (MBRs)**, incorporating **GDP and compliance checks** into the design specification review process.
- Coordinated **plant testing (shakedowns)** for MES documents and records, working directly with area owners to ensure process readiness prior to **MES deployment**.
- Automated the generation of status reports on MES record execution and close-out using **Python scripting**, providing timely updates to manufacturing stakeholders.

Production Support Automation for Financial Operations

- Automated the parsing and aggregation of **transaction monitoring data** from multiple sources using **Python** and **SQL**, generating daily operational reports.
- Built **REST APIs** with **Java Spring Boot** to integrate disparate data feeds for a financial-services operations dashboard, enhancing data visibility for the support team.
- Managed production support incidents for enterprise applications, performing root cause analysis using **Splunk** and ensuring adherence to SLAs for critical P1/P2 issues.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
