PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content against community standards and policies for a large-scale online platform.
- Investigate escalated abuse cases, including harassment, hate speech, and scams, ensuring policy adherence.
- Document enforcement decisions accurately and flag emerging abuse trends to inform policy updates.
- Meet quality-audit, calibration, accuracy, and productivity targets for content review and account actions.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs to support rule-based validation of data flows.
- Wrote Python scripts for data pipelines and ETL processes, enabling anomaly detection in transaction monitoring.
- Executed SQL queries for data validation and schema changes, ensuring data integrity for operational reporting.
- Managed production support for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Monitored application health using Splunk and CloudWatch, identifying and triaging operational issues.
- Documented incident responses and runbook updates, improving knowledge sharing for production support.
- Collaborated with operations teams on requirements and post-implementation triage for system enhancements.

SKILLS

Trust & Safety Operations – policy enforcement, community guidelines, content review, escalations, risk assessment, platform integrity, online safety.

AI Quality Evaluation – AI output evaluation, quality assurance, failure-pattern analysis, AI-enabled workflows, AI quality evaluation.
