PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Delivered hands-on technical enablement and readiness workshops to over **50 MSP partners** on Microsoft 365 Copilot and Copilot Studio, translating complex features into actionable adoption plans.
- Developed and presented **role-based training sessions** and live demonstrations to mixed technical and non-technical audiences, showcasing AI use cases and driving partner capability growth.
- Conducted **Customer Zero assessments** for partners, identifying deployment, governance, and security readiness gaps, and architecting tailored adoption roadmaps.
- Supported early customer discovery and technical presentations, guiding partners through **pilot planning and adoption conversations** for AI solutions.
- Authored reusable technical content including **workshop decks, demo scripts, and playbooks**, directly enabling partners to independently lead future customer engagements.
- Contributed technical scope to partner assessments and adoption services, helping to define repeatable **managed services and AI-based offers**.
- Managed production incidents and performed root cause analysis for enterprise applications, maintaining **strict SLAs** and ensuring operational stability.

SKILLS

AI & Copilot – Microsoft 365 Copilot, Copilot Studio, AI Concepts, Agents, Responsible Usage

Partner Enablement – Technical Enablement, Solution Consulting, Partner Training, Readiness Support, Demonstrations, Adoption Planning

Microsoft Ecosystem – Microsoft 365, Azure, Identity, Permissions, Security, Governance

Technical Skills – Python, Java, SQL, REST APIs, AWS, Docker, Linux, Git, Jenkins

Data & Analytics – Power BI, DAX, Data Modelling, Power Query, Tableau, R, pandas, NumPy, scikit-learn

Project Management – Agile Methodologies, Scrum Ceremonies, Change Management, Ticketing Systems

PROJECTS

AI Copilot Partner Enablement Playbook

- Developed a comprehensive enablement playbook for AI Copilot adoption, including **step-by-step guides**, common troubleshooting FAQs, and best practice checklists for MSP partners.
- Created reusable **demo scripts and workshop content** for Microsoft 365 Copilot and Copilot Studio, enabling partners to effectively showcase AI capabilities to their end customers.
- Designed a framework for **partner readiness assessments**, focusing on identifying gaps in identity, security, and governance for AI deployments.

Technical Solution Consulting for AI Adoption

- Acted as a technical consultant for pilot partners, guiding them through the initial phases of **AI solution deployment** and adoption planning.
- Translated complex AI product features into clear business use cases and **engagement steps** for partner technical teams.
- Documented learnings and adoption evidence, identifying opportunities for advanced technical support and **repeatable service offerings**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
