PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided technical support for commercial building services equipment, diagnosing and resolving issues for customers and installers.
- Assisted sales engineers by performing equipment selections and developing system designs based on project specifications and MEP drawings.
- Prepared detailed equipment and installation specifications, ensuring comprehensive coverage of project requirements for HVAC and ventilation systems.
- Developed and maintained technical knowledge across commercial heating, cooling, ventilation, and associated building services equipment through structured training.
- Managed project enquiry records, contributing to reporting and demand forecasting for sales and operational planning.
- Supported after-sales team by providing information on commissioning processes, service visit requirements, and spare parts.
- Analyzed and resolved technical queries from consulting engineers, installers, and the sales team, ensuring project success and customer satisfaction.

SKILLS

Core Competencies – Technical Support, Customer Service, Problem-Solving, Communication, Teamwork, Organisation

Technical Skills – MEP Drawings, Load Estimates, System Design, Energy Efficiency, Regulatory Compliance, Carbon Reduction

Tools & Software – Microsoft Excel, AutoCAD, CRM Platforms, Internal Design Systems, Internal Quotation Systems

Building Services – Heating, Cooling, Ventilation (HVAC), Commercial Building Technology, Energy-Efficient Solutions

Project Management – Specification Preparation, Requirements Review, Record Maintenance, Demand Forecasting

PROJECTS

Commercial HVAC System Design Assistance

- Supported consulting engineers in the design of HVAC systems for commercial building projects, focusing on energy efficiency and regulatory compliance.
- Prepared detailed equipment specifications and installation guidance, translating project requirements and MEP drawings into actionable technical plans.
- Collaborated with sales teams to provide technical input for load estimates and equipment selection, ensuring optimal system performance for diverse client needs.

Building Services Technical Query Resolution

- Addressed technical queries from installers and end-customers regarding heating, cooling, and ventilation equipment, providing clear and concise solutions.
- Documented resolutions and common technical challenges to build an internal knowledge base for ongoing team training and support.
- Assisted in the preparation of technical documentation for new product lines, focusing on installation best practices and energy-saving features.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
