PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and maintained **Emerson Syncade MES** platform instances, including server installations, admin settings, and access permissions for a global pharmaceutical client.
- Managed the full **Computer System Validation (CSV) lifecycle** for MES projects, from requirements definition to business release, ensuring adherence to GMP and data integrity standards.
- Developed and executed **test scripts for EBR testing** and MES deployments, analyzing results and ensuring compliance with pre-defined acceptance criteria for new capabilities.
- Initiated and managed **Change Control activities** in accordance with Quality Standards and Practices, determining solutions and providing recommendations for platform improvements.
- Collaborated with local and global IT, Quality, and external service providers to ensure successful software installation and configuration of the MES landscape.
- Provided technical recommendations and solutions for changes and improvements to the MES platform, prioritizing validation activities based on project schedules.
- Analyzed system logs and incident reports to contribute to investigations where required, ensuring adherence to Environmental, Health, and Safety requirements.

SKILLS

MES Platforms – Emerson Syncade, MES

Validation & Compliance – Computer System Validation (CSV), GMP, 21 CFR Part 11, Data Integrity, Business Release

Server & OS – Windows Server, Workstation

Tools & Methodologies – EBR Testing, Change Control, Requirements Gathering, Test Scripting, ALM, Kneat

Cloud & Infrastructure – AWS, EC2, S3, Lambda, CloudWatch, Docker, Linux

Programming & Scripting – Java, Spring Boot, Python, SQL

PROJECTS

MES Platform Configuration and Deployment

- Configured and deployed **Emerson Syncade MES** instances across multiple environments, managing server installations and administrator configurations.
- Developed detailed **Computer System Validation (CSV) documentation**, including requirements, design specifications, and test protocols, for a pharmaceutical manufacturing client.
- Executed validation test scripts for Electronic Batch Records (EBRs) and system upgrades, meticulously documenting results and ensuring alignment with **21 CFR Part 11** compliance.

Production Support and Automation for Enterprise Systems

- Provided **production support** for enterprise Java applications, monitoring system health using **Splunk** and **Dynatrace**, and responding to P1/P2 incidents.
- Automated routine data validation tasks using **Python scripting**, reducing manual effort by approximately **30%** for the operations team.
- Managed **change control processes** for configuration updates and minor enhancements on interconnected enterprise systems, coordinating UAT and post-go-live support.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
