PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided onsite **desktop and end-user support** for a financial services client, resolving approximately **15-20 tickets daily** related to hardware, software, and network issues.
- Executed hardware **break-fix and device deployment** activities for laptops and desktops, completing an average of **5-7 builds per week** as part of refresh programs.
- Managed **incident and service request fulfillment** using ServiceNow, ensuring timely resolution and maintaining high levels of user satisfaction within defined SLAs.
- Performed **application troubleshooting and user support** for core business applications, including Office 365 suite and custom enterprise software, reducing escalation rates by **18%**.
- Supported **mobile device management and printer** configurations and troubleshooting for a user base of over **200 employees** across multiple departments.
- Coordinated with remote engineering teams and external vendors to resolve complex technical issues, ensuring minimal disruption to business operations during **major technology rollouts**.
- Maintained accurate **ITSM documentation** and ticket hygiene within ServiceNow, contributing to improved reporting accuracy and knowledge base content.

SKILLS

Operating Systems – Windows 10, Windows 11, Linux

Productivity Suites – Microsoft Office 365, Office Suite

Directory Services – Active Directory

ITSM Tools – ServiceNow, Jira

Hardware Support – Desktop Break-Fix, Laptop Builds, Device Deployment

End-User Support – Application Troubleshooting, Incident Management, Service Request Management, Mobile Device Support, Printer Support

Cloud Platforms – AWS (EC2, S3, CloudWatch)

PROJECTS

Enterprise Desktop Support & Rollout Coordination (HCL Technologies)

- Managed the end-to-end process for **laptop refresh programs** for a financial services client, including imaging, configuration, and user data migration for over **50 employees**.
- Provided direct onsite support for hardware and software issues, troubleshooting problems with Windows 10/11 and Office 365 applications, and ensuring **95% first-contact resolution** for common issues.
- Collaborated with vendor support teams to expedite hardware repairs and replacements, minimizing downtime and ensuring timely return of critical user devices.

ITSM Process Improvement & Documentation (HCL Technologies)

- Contributed to the enhancement of **ITSM documentation** within ServiceNow for common hardware and software support procedures, improving consistency for the support team.
- Assisted in user acceptance testing (UAT) for new ITSM tool features, providing feedback on usability and workflow efficiency for ticket management.
- Developed and maintained **troubleshooting guides** for frequently encountered application issues, reducing ticket volume for basic user queries by approximately **15%**.
