PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided **desk-side assistance** and performed **IMACD activities**, including hardware setup and software configuration for **desktops, laptops, and mobile devices**.
- Managed incident tickets, ensuring timely resolution and closure within defined **SLAs**, providing regular updates to end users on progress and next steps.
- Executed **onsite updates**, configuration changes, and software installations across end-user hardware and operating systems.
- Collaborated with **Level 3 support teams** and project groups on service enhancements and system maintenance activities.
- Supported end-user activities related to **security controls**, compliance checks, and access reviews in production environments.
- Provided **hands-and-feet support** for network, data, and voice infrastructure during local site emergencies and disaster recovery drills.
- Participated in a **rotational on-call support schedule**, addressing critical issues outside of standard business hours and ensuring continuous service availability.
