PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided onsite technical support to end-users, diagnosing and resolving issues with **desktop hardware**, **laptops**, and installed software applications.
- Configured and troubleshot various **printers** and other **user peripherals**, ensuring seamless integration with desktop and laptop systems.
- Assisted users with technical issues and service requests, maintaining a **professional and customer-focused approach** during onsite engagements.
- Diagnosed and resolved basic **network and connectivity problems** for end-users, including issues with Wi-Fi and wired network access.
- Installed, configured, and maintained IT equipment, adhering to established **support procedures** and documentation requirements.
- Followed established **escalation processes** for complex technical issues, ensuring timely resolution and appropriate communication with users and management.
- Managed and completed assigned onsite tasks, providing clear **service updates** and documentation for each completed support ticket.

SKILLS

Operating Systems – Windows, Linux

Hardware & Peripherals – Desktop hardware, Laptops, Printers, Peripherals

Networking – Basic networking, Connectivity troubleshooting

Support Tools – Ticketing systems, Service requests, Escalation processes

Customer Service – Customer-focused approach, Communication skills

PROJECTS

Enterprise Desktop & Printer Support Rollout (HCL Technologies)

- Supported a large enterprise client by providing onsite technical assistance for desktop, laptop, and peripheral issues across multiple departments.
- Managed the installation and configuration of new hardware and software deployments, including imaging and setup for over **50 new employee workstations**.
- Troubleshot and resolved common printing issues and network connectivity problems, reducing average resolution time for these ticket types by **15%**.

Weekend On-Demand IT Support Initiative (HCL Technologies)

- Provided flexible, on-demand IT support during weekends to cover critical business needs and primary engineer unavailability.
- Responded to user-reported issues via a ticketing system, prioritizing and addressing urgent requests to maintain operational continuity.
- Documented all support activities and resolutions, contributing to a knowledge base for common troubleshooting steps.
