PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Assisted with the collection, organisation, and validation of **financial and portfolio data** for client reporting, ensuring accuracy for quarterly statements and capital account information.
- Supported the preparation of **recurring client deliverables** and internal reporting materials, contributing to the timely distribution of portfolio analytics and performance summaries.
- Managed the **data validation process** for private market investment managers, processing capital account statements and cash flow information with a focus on accuracy and detail.
- Contributed to the maintenance of accurate information within **reporting databases and proprietary systems**, performing data entry and running validation checks.
- Conducted **research and analysis on private equity funds** and market trends across various strategies and geographies, synthesising findings for internal use.
- Developed **presentations, charts, and visualisations** using Microsoft Excel and reporting tools to support internal and client-facing materials.
- Collaborated with SPAR team members and cross-functional partners to gather information, meet deadlines, and support ad hoc projects, ensuring smooth information flow and project completion.

SKILLS

Financial Analysis – Portfolio Analytics, Performance Reporting, Private Markets, Financial Data, Investment Solutions, Data Driven Insights

Reporting Tools – Microsoft Excel, PowerPoint, Data Visualisation Tools

Data Management – Data Validation, Data Organisation, Reporting Databases, Proprietary Systems, Data Analysis

Client Services – Client Reporting, Stakeholder Collaboration, Communication Skills, Problem-Solving, Attention to Detail

Technical Skills – SQL, Python, Java, Spring Boot, AWS, Docker, Linux, Git, Jenkins, Jira, Confluence, Splunk, Dynatrace, Power BI, Tableau, R/RStudio, DAX, Power Query, Data Modelling, Data Warehousing

PROJECTS

Portfolio Analytics Dashboard Development

- Developed an interactive **Power BI dashboard** to visualise key portfolio metrics and performance indicators for private equity investments.
- Engineered **DAX measures and data models** to support complex financial calculations and reporting requirements, enhancing data accuracy.
- Integrated data from multiple sources using **Power Query** to create a unified dataset for analysis and reporting, streamlining ETL processes.

Financial Operations Data Automation

- Automated the processing of **transaction data and reconciliation workflows** using Python scripts, reducing manual effort by approximately 30%.
- Developed **SQL queries** to extract and validate financial transaction data from PostgreSQL databases for reporting and audit trail purposes.
- Supported the **payments operations dashboard** by scripting data ingestion and transformation tasks, ensuring timely updates for monitoring failed transactions.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
