PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Served as the primary technical point of contact for end-users, resolving an average of **15 support tickets daily** via phone, email, and in-person interactions.
- Performed **ticket triage** by logging, categorizing, and prioritizing incidents and service requests, ensuring timely routing to specialized support teams.
- Resolved technical queries pertaining to **PCs, laptops, printers, mobile devices, and core business applications**, maintaining a 95% first-contact resolution rate.
- Contributed to the maintenance of the **Knowledge Base** by authoring and updating technical documentation and procedural guides for common issues.
- Assisted with **IT projects**, including new hardware rollouts and software deployments, ensuring minimal disruption to user operations.
- Identified and documented persistent technical problems, collaborating with senior IT staff to devise and implement solutions, reducing recurring issues by **20%**.
- Maintained a positive user experience by delivering prompt, professional, and clear technical service, effectively communicating complex technical details to non-technical users.

SKILLS

Operating Systems – Windows 11, Windows Server, Linux

Productivity Suite – Office 365, Copilot

Directory Services – Active Directory, Entra ID

Email & Collaboration – Exchange

Hardware & Peripherals – PC, Laptop, Printer, Mobile Device Support

Ticketing Systems – ServiceNow, Jira

Networking Fundamentals – TCP/IP, DNS, DHCP

PROJECTS

Enterprise Desktop Support Enhancement Initiative

- Streamlined the **ticketing process** for a 200-person office by implementing standardized categorization and prioritization workflows within ServiceNow, reducing average ticket resolution time by **18%**.
- Developed and deployed a series of **knowledge base articles** covering common hardware and software issues, leading to a **30% increase** in self-service resolutions for end-users.
- Provided direct **desktop support** for new employee onboarding, ensuring all hardware, software, and network access were configured and functional before their first day.

IT Project Support for Office Relocation

- Managed the end-to-end deployment and setup of **PC hardware and peripherals** for over 50 workstations during a critical office relocation project.
- Coordinated with cross-functional teams to ensure seamless integration of **network connectivity and email services** for all relocated users.
- Documented and resolved post-move technical issues, ensuring operational continuity and a positive transition experience for all staff.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
