PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and delivered engaging cybersecurity awareness content, including articles, presentations, and digital signage, translating complex security concepts for both technical and non-technical employees.
- Organized and executed cybersecurity awareness events and workshops, including lunch-and-learn sessions and roadshows, to promote secure behaviors across the organization.
- Collaborated with cybersecurity subject matter experts and Communications teams to develop and publish awareness materials, ensuring alignment with organizational objectives.
- Supported the design and implementation of cybersecurity awareness programs, focusing on phishing, social engineering, and data protection training modules.
- Authored and edited employee communications regarding cybersecurity best practices, including password security and multifactor authentication, utilizing Microsoft 365 applications.
- Tracked key awareness metrics and employee engagement levels, providing data-driven insights to support continuous improvement initiatives for campaign effectiveness.
- Containerized awareness content delivery services using Docker and deployed them to an AWS EC2 instance managed via Jenkins CI/CD pipelines for consistent rollout.

SKILLS

Content Development – Articles, Presentations, Newsletters, Videos, Digital Signage, Viva Engage Content, Employee Communications

Cybersecurity Concepts – Phishing, Social Engineering, Artificial Intelligence, Data Protection, Password Security, Multifactor Authentication, Secure Online Behavior

Tools & Platforms – Microsoft Word, PowerPoint, Excel, Microsoft 365, Generative AI Tools, ChatGPT, Microsoft Copilot

Program Management – Awareness Programs, Training Programs, Awareness Campaigns, Event Organization, Workshops, Roadshows

Collaboration & Communication – Subject Matter Experts, Communications, Learning & Development, Business Stakeholders, Written Communication, Verbal Communication, Proofreading, Editing

PROJECTS

Cybersecurity Training Module Development

- Designed and developed a comprehensive training module on social engineering threats, incorporating interactive elements and real-world examples to enhance employee understanding.
- Created slide decks and supporting documentation for a series of workshops aimed at educating employees on identifying and reporting phishing attempts.
- Integrated feedback from initial training sessions to refine content and delivery methods, improving engagement rates by approximately 15%.

Internal Communications Platform Enhancement

- Developed a series of engaging articles and visual aids for an internal company newsletter focused on data protection best practices and secure online habits.
- Collaborated with the IT security team to ensure technical accuracy and adherence to company policies for all published content.
- Managed the content calendar and publication schedule for the cybersecurity awareness section of the internal communications portal.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
