HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided engineering support for manufacturing processes, ensuring adherence to OS and material specifications by participating in **FMEA** and **Control Plan** generation for product transfers.
- Developed and implemented supporting documentation, **SOPs**, and process work instructions compliant with **current Good Manufacturing Practices (GMP)**.
- Delivered technical support on specific cell product and process issues, including troubleshooting and root cause analysis for production line anomalies.
- Communicated effectively with manufacturing team members and external agents during system and process troubleshooting sessions to resolve complex issues.
- Supported line performance monitoring and execution of structured activities to optimise overall equipment effectiveness, contributing to efficiency gains.
- Led cross-functional process improvement initiatives, applying structured problem-solving methodologies to address manufacturing challenges.
- Carried out **Gauge R&R; studies** for new processes and products, ensuring measurement system accuracy and reliability.

SKILLS

Engineering Concepts – FMEA, Control Plan, SOP, PPAP, GMP, IQ, OQ, PQ, Gauge R&R;, Six Sigma, Lean Manufacturing

Software & Tools – PC Skills, Jira, Confluence

Methodologies – Agile, Scrum, Structured Problem Solving, Continuous Improvement

Communication & Collaboration – Cross-functional Teams, Stakeholder Communication, External Agents

Domain Knowledge – Manufacturing Environment, Process Engineering, Product Transfer, Scale Ups

PROJECTS

Manufacturing Process Optimisation Initiative

- Analyzed existing manufacturing workflows to identify bottlenecks and areas for improvement, applying **structured problem-solving** techniques.
- Developed and documented updated **SOPs** and work instructions for key production processes, ensuring compliance with **GMP**.
- Collaborated with the production team to implement process changes, tracking key performance indicators such as cycle time and defect rates.

New Product Introduction Support

- Participated in **FMEA** and **Control Plan** generation for a new product line transfer, assessing potential failure modes and control strategies.
- Supported the generation of **PPAP** documentation, coordinating input from quality, engineering, and production teams.
- Assisted in the validation process, including **IQ, OQ, PQ**, and associated documentation for new equipment and processes.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
