PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and implemented **Power BI** dashboards and reports for regulatory data analysis, consolidating information from multiple sources to enable data-driven decision-making for 15+ stakeholders.
- Managed digitalization initiatives from requirements definition through to handover, coordinating with cross-functional teams to deliver automated workflows and improve process efficiency by an estimated **20%**.
- Developed and maintained **Power Automate** flows to streamline repetitive tasks within the Regulatory Affairs department, reducing manual data entry effort by approximately **10 hours** per week.
- Acted as an associate Project Manager for multiple digitalization projects, developing project plans, tracking progress, managing risks, and ensuring timely delivery of solutions.
- Partnered with Regulatory Affairs colleagues to gather business process requirements and translate user needs into practical digital solutions, focusing on intuitive user experience and data quality.
- Supported regulatory data management through data consolidation, transformation, and implementation of data-quality/validation controls for critical regulatory submissions.
- Contributed to the implementation of solutions within a regulated industry environment, ensuring adherence to data integrity and documentation principles.

SKILLS

BI & Automation Tools – Microsoft Power BI, Microsoft Power Automate, Power Query, DAX

Project Management – Project Planning, Stakeholder Management, Risk Management, Requirements Definition, Agile Methodologies

Data Analysis & Visualization – Data Structures, Data Transformation, Data Quality, Data Validation, Dashboard Design, User Interface Design

Programming & Scripting – SQL, Python, VBA

Cloud & DevOps – AWS, Docker, Jenkins, Git

PROJECTS

Regulatory Affairs Data Hub Implementation

- Developed a comprehensive **Power BI** dashboard consolidating key regulatory metrics, providing real-time insights into submission status and compliance adherence for senior management.
- Engineered data transformation processes using **Power Query** to clean and integrate data from disparate systems, improving data reliability for regulatory reporting.
- Collaborated with regulatory affairs specialists to define reporting requirements and validate dashboard accuracy, ensuring alignment with business needs and data integrity standards.

Automated Compliance Workflow Development

- Built a **Power Automate** solution to automate the tracking and notification process for upcoming regulatory deadlines, reducing manual follow-up by **~30%**.
- Integrated the automated workflow with existing project management tools, enabling seamless data flow and reducing data entry duplication.
- Documented the solution architecture and user guide for the automated workflow, facilitating user adoption and ongoing maintenance by the operations team.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
