PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided L2 technical support for approximately **500 users** globally, addressing issues across **Windows environments**, **Microsoft 365**, and **Active Directory**.
- Managed endpoint deployment, software installation, and device configuration using **Microsoft Intune**, ensuring consistent builds for a fleet of **~200 laptops**.
- Troubleshot infrastructure issues including **Windows Server**, **DNS**, and core **networking protocols**, resolving an average of **15 critical incidents** per month.
- Executed patch management and vulnerability remediation tasks using **Tenable**, reducing identified security risks by **40%** across managed endpoints.
- Supported data centre hardware troubleshooting and coordinated with external vendors for infrastructure repairs, completing **10+ vendor escalations** within the contract period.
- Managed IT support tickets and escalated issues via **ServiceNow**, adhering to **ITIL processes** for incident, problem, and change management.
- Developed and executed **PowerShell scripts** to automate routine IT tasks, including user account creation and software deployment checks, saving an estimated **8 hours per week** for the local IT team.

SKILLS

Operating Systems – Windows, macOS, Linux

Microsoft Technologies – Microsoft 365, Active Directory, Entra ID, Windows Server, DNS, PowerShell

Endpoint Management – Microsoft Intune, SCCM, MDM

Infrastructure & Networking – Networking Troubleshooting, Data Centre Hardware, Vendor Management

ITSM & Process – ServiceNow, ITIL

Security & Patching – Patch Management, Vulnerability Remediation, Tenable

PROJECTS

Global IT Support Function Enhancement (HCL Technologies)

- Enhanced the global IT support function by implementing standardized procedures for **Windows imaging** and **software deployment** across a user base of **~500 individuals**.
- Developed a comprehensive knowledge base within **Confluence** for common L2 support issues, reducing average resolution time for recurring problems by **18%**.
- Participated in scheduled weekend server patching activities and contributed to the on-call rotation for critical infrastructure support.

Endpoint Security and Configuration Automation (HCL Technologies)

- Automated endpoint security configuration and vulnerability scanning using a combination of **PowerShell scripting** and **Tenable integration**, identifying and mitigating over **100 high-severity vulnerabilities**.
- Managed the deployment and configuration of new hardware via **Microsoft Intune**, ensuring all devices met corporate security standards before user assignment.
- Collaborated with infrastructure teams to troubleshoot and resolve network connectivity issues impacting user access to critical business applications.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
