HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed **SAP** system data inputs and prepared **environmental compliance reports** for WEEE, Batteries, and Packaging regulations across multiple European markets.
- Analysed and validated **large datasets** from internal stakeholders and systems, investigating and resolving **data quality issues** for regulatory submissions.
- Supported budget management for compliance reporting, including **invoice approvals**, **spend tracking**, and **financial forecasting** for environmental initiatives.
- Coordinated with **compliance schemes and regulatory bodies** on reporting requirements and data submissions, ensuring adherence to evolving standards.
- Developed **advanced Excel models** to process and analyse large volumes of environmental data, supporting **continuous improvement initiatives** and audit preparation.
- Assisted in **environmental audits** by compiling necessary documentation and providing data analysis to support findings and recommendations.
- Containerised **Python scripting** tools for data validation and reporting automation, deploying them to **AWS Lambda** for efficient, on-demand processing.

SKILLS

Compliance Reporting – Environmental Compliance, EPR, WEEE, Batteries, Packaging, Extended Producer Responsibility, Regulatory Reporting

Data Analysis & Reporting – Data Analysis, Data Validation, Data Quality Assurance, Large Datasets, Advanced Excel, SAP

Financial Management – Budget Management, Invoice Approval, Spend Tracking, Financial Forecasting, Financial Monitoring

Programming & Automation – Python, AWS Lambda, Shell Scripting

Cloud & Containerization – AWS, Docker

PROJECTS

Environmental Data Management System (HCL Technologies)

- Developed a **Python**-based data ingestion and validation pipeline to process environmental data feeds from disparate sources, handling approximately **3,000 records daily**.
- Implemented **data quality checks** and anomaly detection routines using **pandas** and **NumPy**, reducing manual error correction effort by an estimated **20%**.
- Designed and built automated **reporting scripts** in Python to generate compliance summaries for internal review, integrating with **AWS S3** for data storage.

Financial Compliance Tracking Dashboard (MSc Data Analytics)

- Created interactive **Power BI dashboards** to visualize environmental compliance spending and budget adherence for stakeholders, consolidating data from multiple sources.
- Developed **DAX measures** and **Power Query** transformations to accurately track invoices, forecast spend, and highlight budget variances, supporting **financial monitoring**.
- Presented dashboard insights and key financial metrics to a simulated **business stakeholder** group, facilitating data-informed decision-making.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
