PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Processed incoming stock count data and reconciled consignment inventory for **enterprise customers**, focusing on optimized levels provided by Sales to ensure product availability.
- Prepared and distributed **daily, weekly, and monthly inventory reports**, including detailed analysis of discrepancies, outstanding returns, and expired stock.
- Assisted in the review of customer consignment par levels and usage information, identifying trends to improve inventory utilization and turnover by **~15%**.
- Supported the implementation and consistent application of inventory policies and procedures, ensuring adherence to company standards and contractual requirements.
- Maintained accurate inventory data within **ERP and inventory systems**, collaborating with Sales, Customer Service, and Supply Chain teams to resolve data discrepancies.
- Analyzed basic inventory trends and recurring discrepancies, escalating significant findings and opportunities for improvement to management, contributing to a reduction in potential write-offs by **~8%**.
- Managed documentation and records to support inventory transactions and reconciliation, ensuring compliance with quality standards, including **ISO requirements**.

SKILLS

Inventory Management – Consignment Stock, Stock Count, Inventory Levels, Excess Inventory, Slow-Moving Stock, Stock Rotation, Inventory Utilisation, Inventory Turnover, Write-offs, Par Levels

Data Analysis & Reporting – Data Analysis, Trend Analysis, Usage Patterns, Discrepancy Analysis, KPI Reporting, Performance Reporting, Ad-hoc Reporting, Report Distribution

Systems & Tools – ERP Systems, SAP, Microsoft Office, Excel, CRM, Inventory Systems, Power Query

Process & Compliance – Process Optimization, Process Improvement, Process Mapping, Policy Implementation, Procedure Adherence, Documentation, Record Keeping, Quality Standards, ISO Requirements, Regulatory Standards, Change Management

Core Competencies – Accuracy, Attention to Detail, Computer Skills, Communication Skills, Professional Telephone Manner, Service Orientation, Relationship Building, Self-Starter, Time Management, Organisational Skills, Goal-Oriented, Analytical Skills, Problem-Solving, Ownership, Urgency

PROJECTS

Customer Consignment Inventory Optimization (HCL Technologies)

- Developed Python scripts to automate the aggregation of customer usage data from disparate sources, feeding into a central inventory dashboard.
- Designed and implemented automated alerts for potential excess or slow-moving stock across **~20 key customer accounts**, reducing manual review time by 40%.
- Collaborated with internal Sales and Operations teams to validate data accuracy and refine par level recommendations, contributing to a **12% reduction** in overall consignment stock value.

ERP Data Reconciliation and Reporting Automation (HCL Technologies)

- Engineered SQL queries across **PostgreSQL and Oracle databases** to extract and validate inventory transaction data for a large-scale ERP system.
- Built automated reporting workflows using Python to generate monthly inventory performance summaries, highlighting key metrics like stock aging and turnover rates.
- Supported UAT coordination and post-go-live triage for system configuration updates, ensuring seamless data flow between inventory modules and interconnected business systems.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
