PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Handled technical inquiries across **Slack, in-app chat, and email** for a SaaS platform, maintaining high standards for responsiveness and ticket hygiene.
- Troubleshot customer inquiries including **API integrations**, systems issues, and multi-product workflows, interpreting API documentation to configure and modify workflows.
- Configured and implemented authentication types such as **OAuth and JWT**, documenting connection steps for new tools and new workflows.
- Built and troubleshot **Tines workflows** on remote sessions with customers, documenting complex integration patterns for user enablement.
- Contributed to Customer Support resources and delivered product feedback as the voice of the customer to leadership, identifying bugs and potential improvements.
- Wrote clear, structured handover notes at the start and end of each shift, ensuring full context for incoming and outgoing regional teams despite working outside standard hours.
- Managed incident response for enterprise Java/.NET applications using **Splunk and Dynatrace**, focusing on SLA management and P1/P2 incident resolution.

SKILLS

Core Competencies – Technical Support, API Integrations, Workflow Automation, Troubleshooting, Customer Service, Problem-Solving, Communication, Documentation, SaaS

APIs & Integrations – REST APIs, GraphQL APIs, OAuth, JWT, API Documentation, SDK Examples

Workflow Tools – Tines Workflows, Python Scripting

Support Channels – Slack, In-App Chat, Email, Ticketing Systems

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux

Databases & Scripting – SQL (PostgreSQL, MySQL, Oracle), Python

PROJECTS

Customer Workflow Automation Implementation

- Developed and deployed automated workflows for enterprise customers using **Python** and a workflow automation platform, integrating with their existing systems.
- Collaborated with customer technical teams to gather requirements, configure **API integrations**, and troubleshoot complex multi-step processes.
- Documented workflow logic and integration patterns, creating clear guides that enabled customer teams to independently manage and modify their automations.

Production Support & Automation for Enterprise Systems

- Provided production support for enterprise Java/.NET applications, monitoring system health using **Splunk** and **Dynatrace** to ensure service level agreements (SLAs).
- Automated repetitive operational tasks and data extraction processes using **Python** scripting, reducing manual effort by approximately **30%** for the operations team.
- Managed change control processes for system configuration updates and coordinated user acceptance testing (UAT) for critical system integrations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
