PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed project records and ensured data integrity within **Microsoft Dynamics 365 (D365)** and other business systems, supporting project initiation through completion.
- Generated operational reports and maintained business trackers, contributing to accurate project administration and stakeholder visibility.
- Supported administration for invoicing and purchase orders, including monitoring timesheet compliance and following up on outstanding submissions.
- Provided first-line support for routine system and administration queries, collaborating with project teams and Cost Centre Leaders.
- Assisted with utilisation reporting and resource planning administration, ensuring efficient resource allocation for project delivery.
- Maintained employee, project, and client data within **D365**, ensuring accuracy and completeness for operational processes.
- Contributed to the continuous improvement of operational processes by identifying areas for enhancement and supporting implementation.

SKILLS

Business Operations – Project Administration, Financial Administration, Commercial Coordination, Operations Support, Process Improvement

Systems & Tools – Microsoft Dynamics 365 (D365), Microsoft Office Suite, Microsoft Excel, Microsoft Outlook, Microsoft Teams, SharePoint

Reporting & Analytics – Operational Reporting, Business Trackers, Utilisation Reporting, Resource Planning

Core Competencies – Attention to Detail, Stakeholder Management, Prioritisation, Communication Skills, Problem-Solving

Project Management Support – Project Initiation, Project Close-out, Invoicing, Purchase Orders, Timesheet Compliance

PROJECTS

Project Record Management System Enhancement

- Developed a Python script to automate the extraction and validation of project data from legacy systems into a format compatible with **Microsoft Dynamics 365 (D365)**.
- Implemented a data quality check process that reduced data entry errors by **18%** in project setup, improving overall data integrity.
- Created automated reports using **Power BI** to track project milestones and resource allocation, providing insights to project managers.

Operational Process Streamlining Initiative

- Mapped existing operational workflows for project onboarding and invoicing using Visio, identifying bottlenecks and areas for improvement.
- Assisted in the implementation of new standardized procedures for purchase order processing, leading to a **15%** reduction in processing time.
- Documented updated operational guidelines and provided training to junior administrative staff on new system functionalities.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
