PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Resolved complex customer issues via **phone**, **email**, and **chat**, maintaining SLA compliance targets and ensuring efficient ticket prioritization based on status and entitlement.
- Identified and responded to customer escalations, functioning as the voice of Twilio to customers and partners, and making appropriate connections for adoption and upsell opportunities.
- Communicated complex technical concepts and API functionalities to customers, proactively anticipating questions and providing clear, actionable suggestions.
- Developed expertise in multiple specialty areas of the Twilio platform, acting as a subject matter expert for Twilio's **APIs** and **SDKs**.
- Mentored and provided training to team members on **case management best practices** and efficient ticket resolution techniques.
- Thoroughly documented customer and internal interactions, capturing technical details such as **logs**, **Splunk queries**, and **JIRA details**, and contributing to knowledge articles.
- Containerized application components using **Docker** and managed deployments on **AWS EC2** instances, ensuring efficient resource utilization and application availability.

SKILLS

Core Support – Technical Support, Application Support, Customer Escalations, Case Management, SLA Management, On-call Rotation, Runbooks, Knowledge Base Contribution.

APIs & Web Technologies – REST APIs, HTTP Protocol, API Testing Tools (Postman, curl), Webhooks.

Programming & Scripting – Python, JavaScript (Node.js), Java, Shell Scripting.

Networking & Communications – VoIP, SIP, WebRTC, TCP/UDP Networking, TLS/SSL.

Debugging & Troubleshooting – Application Logs, API Call Analysis, Network Trace Analysis (Packet Captures), Browser Developer Tools.

Cloud & Containerization – AWS (EC2, S3, Lambda, CloudWatch), Docker.

PROJECTS

Customer Communication API Integration Support

- Provided technical support for enterprise customers integrating with **Twilio's communication APIs**, resolving issues related to **REST API calls** and **webhook** configurations.
- Analyzed customer-provided **application logs** and **network traces** to diagnose and resolve complex integration challenges, reducing average resolution time by 15%.
- Developed and documented troubleshooting guides for common API integration issues, enabling faster self-service for customers and reducing support ticket volume by ~10%.

Internal Developer Tooling Automation

- Automated internal developer support workflows using **Python scripting**, creating tools to parse **API logs** and generate diagnostic reports for complex issues.
- Built a proof-of-concept **REST API** using **Flask** to expose aggregated log data, allowing support engineers to query historical issues more efficiently.
- Collaborated with a small team to deploy the automation tools on **AWS Lambda**, improving the efficiency of debugging efforts for customer-facing issues.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
