## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Provided L2 onsite technical support for end-user hardware, software, and network issues, acting as the primary escalation point for **VIP and executive stakeholders**.
- Managed and resolved incidents and service requests within agreed **SLAs** using **ServiceNow ITSM**, ensuring professional and timely communication throughout the ticket lifecycle.
- Troubleshot complex **Windows** operating system issues, **Microsoft 365** configurations, and **Active Directory** user account management, including permissions and access controls.
- Supported and administered **Active Directory**, managing user accounts, group policies, and access permissions to maintain security and operational integrity for over 500 users.
- Configured and deployed laptops, mobile devices, and peripherals for new and existing employees, ensuring seamless integration with the corporate network and **Microsoft 365** environment.
- Maintained technical documentation and contributed to the creation of **knowledge articles** for common issues and new system deployments, improving team efficiency by approximately 15%.
- Performed software installations, patching, and system health checks, coupled with proactive monitoring to identify and address potential issues before impacting end-users.

## SKILLS

**Operating Systems** – Windows, MacOS, Linux

**Cloud & Collaboration** – Microsoft 365, Azure AD, AWS

**ITSM & Ticketing** – ServiceNow, Jira, Confluence

**Hardware & Devices** – Laptops, Mobile Devices, Peripherals, AV

**Networking** – Connectivity Troubleshooting, Network Fundamentals

**Security** – MFA, Access Management, Permissions

## PROJECTS

### Enterprise Desktop Support Enhancement

- Developed a standardized troubleshooting guide for common hardware failures, reducing average resolution time for hardware-related tickets by **20%**.
- Implemented a new asset tagging and inventory management process using **Jira Service Desk**, improving tracking accuracy by **35%**.
- Assisted in the rollout of new laptop configurations across a user base of 200+, ensuring compliance with security policies and software requirements.

### Onsite Technical Support Automation Initiative

- Created shell scripts to automate routine software installations and system health checks on Windows endpoints, saving approximately **5 hours** of manual work per week.
- Documented common **Microsoft 365** configuration issues and their resolutions, contributing to a shared knowledge base used by the L1 support team.
- Provided direct onsite support to VIP users, resolving issues related to their workstations, mobile devices, and access to critical business applications.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
