PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Implemented digital acquisition campaigns across paid and owned channels, launching and monitoring **paid social** and **PPC** activity to maximize performance.
- Managed day-to-day operations of the Clear website, creating and updating **landing pages** and **promotional content** to align with trading calendars and commercial optimisation goals.
- Monitored customer journeys and sales funnels, identifying **drop-off points** and friction within the purchase process to inform optimisation initiatives.
- Championed customer feedback and insights to identify opportunities for simplifying customer interactions and removing friction across the digital experience.
- Produced daily performance reports and dashboards, analysing website, funnel, and campaign metrics to make **data-led recommendations** for improved acquisition and conversion.
- Collaborated with **Digital, Product, and IT teams** to implement website enhancements and deliver improvements to customer experience and conversion rates.
- Containerised backend services with **Docker** and deployed them to a cloud environment, wiring up basic resource configurations for predictable rollout.

SKILLS

Digital Marketing – SEO, PPC, Paid Social, Affiliate Marketing, Campaign Implementation, Conversion Rate Optimisation (CRO), A/B Testing

Website Management – CMS Platforms, Landing Page Creation, Content Management, Merchandising, Trading Calendars

Analytics & Reporting – Web Analytics, Performance Monitoring, Funnel Analysis, Data Analysis, Reporting Dashboards

Customer Experience – Customer Journeys, User Behaviour Analysis, Customer Feedback, User Experience Improvement

Core Technologies – HTML, Agile Methodologies, JavaScript, Python, SQL, AWS, Docker

PROJECTS

Digital Acquisition Campaign Optimisation

- Implemented and monitored **paid acquisition campaigns** across multiple digital channels, adjusting bids and creative assets based on performance data to improve ROI.
- Developed and A/B tested new **landing page variations** for key campaigns, resulting in a 15% uplift in conversion rates for targeted user segments.
- Analysed campaign performance data using web analytics tools, generating weekly reports with actionable insights for stakeholders to refine marketing strategies.

E-commerce Conversion Funnel Enhancement

- Mapped and analysed the end-to-end customer journey on an e-commerce platform, identifying key **friction points** in the checkout process.
- Designed and collaborated on the implementation of website content updates and merchandising strategies to improve **product discovery** and drive conversion.
- Supported user acceptance testing for new website features aimed at simplifying the purchase flow, contributing to a reduction in cart abandonment rates.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
