PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Administered holdings and market data within proprietary software systems to generate risk reports for a portfolio of **ManCo clients**, ensuring accurate data input and system integrity.
- Managed the **Document Execution Form (DEF) workflow** for board resolutions and transaction documentation, coordinating with Directors to ensure timely execution and record-keeping.
- Provided and updated comprehensive documentation for all operational processes related to **risk reporting and client engagement files**, maintaining a clear audit trail.
- Expanded ownership of a dedicated set of funds to actively monitor **risk exposure**, handle complex client queries, and develop specialized expertise in their investment strategies.
- Participated in User Acceptance Testing (UAT) for enhancements to proprietary software systems, providing detailed feedback on functionality and user experience to the development team.
- Cooperated with colleagues across different global locations and time zones to ensure seamless client service delivery and timely resolution of operational tasks.
- Maintained and developed client relationships for a assigned portfolio, ensuring high levels of service and acting as a key point of contact for administrative and reporting needs.

SKILLS

Financial Services – Fund Administration, Accounting, Financial Reporting, Auditing, Risk Reporting, Investment Compliance, Economic Substance, Governance, Compliance Services

Tools & Software – Bloomberg, Microsoft Office Suite, Salesforce, Proprietary Software Systems

Operations & Workflow – Document Execution Forms (DEF), UAT, Process Documentation, Database Maintenance, Client Engagement Files, Regulatory Projects

Client Management – Client Relationship Management, Client Service Delivery, Client Queries, Communication

Risk & Compliance – Market Risk Analytics, Operational Risk, Regulatory Changes, Policies & Procedures

PROJECTS

Client Risk Reporting Automation and Enhancement

- Automated the ingestion and processing of market data for **risk reporting** across a portfolio of 15 funds, reducing manual data entry by approximately 40%.
- Developed enhanced logic within proprietary systems to track and escalate **investment compliance breaches** against client-defined limits, improving detection accuracy.
- Collaborated with the operations team to refine the process for updating holdings data, ensuring consistency between client records and risk exposure calculations.

Economic Substance Compliance Workflow

- Designed and documented a standardized workflow for the annual **Economic Substance** compliance cycle, including preparation, review, and submission of filings for multiple entities.
- Implemented quality control checks for entity status and regulatory information within **Salesforce**, ensuring data accuracy for reporting and compliance purposes.
- Provided direct support to clients by gathering necessary documentation and responding to inquiries related to their economic substance obligations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
