PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed project plans, timelines, and performance metrics for cross-functional procurement initiatives, coordinating with business partners to gather requirements and align priorities.
- Supported the deployment and integration of eProcurement systems, translating business needs into functional requirements for technology enablement and digital transformation goals.
- Conducted research and data analysis using **MS Excel** and **MS Project** to inform strategic sourcing decisions and develop business cases for procurement projects.
- Developed and maintained project management templates, frameworks, and **dashboards** to enhance transparency and decision-making for procurement programs.
- Identified and implemented process improvements within procurement workflows, aiming to enhance operational efficiency and scalability across global services.
- Partnered with business stakeholders to drive adoption of digital tools through change management and training initiatives, ensuring successful integration into daily operations.
- Containerized key reporting services using **Docker** and deployed them to **AWS EC2** instances, ensuring consistent environments for data processing pipelines.

SKILLS

Project Management – Gantt charts, Project Plans, Timelines, Budgets, Risk Management, Performance Metrics, Business Case Development, Governance Documentation

Procurement – Strategic Sourcing, Process Improvement, Vendor Management, Finance Operations, Shared Service Centre Experience

Technology & Digitization – eProcurement Systems, Digital Transformation, System Integration, Automation, Analytics, AI

Data Analysis & BI – MS Excel, MS Project, PowerPoint, Data Analysis, Dashboards, Reporting

Collaboration & Communication – Stakeholder Management, Interpersonal Abilities, Cross-functional Relationships, Communication, Training, Change Management

PROJECTS

Procurement Digital Transformation Initiative

- Designed and implemented a new **eProcurement system** workflow, translating complex business requirements into functional specifications for the development team.
- Developed interactive **Power BI dashboards** to track key procurement metrics, providing leadership with real-time insights into spending patterns and supplier performance.
- Facilitated UAT sessions with end-users, gathering feedback and coordinating defect resolution to ensure successful system adoption across the procurement department.

Global Procurement Process Standardization

- Mapped existing procurement processes across multiple regions, identifying bottlenecks and areas for standardization to improve global efficiency.
- Created detailed project plans and status reports using **MS Project** and **Jira**, ensuring alignment with business partners and timely delivery of project milestones.
- Documented new standardized workflows and trained operations teams on updated procedures, ensuring compliance with new governance frameworks.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
