PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed daily content updates and article publishing for the firm's **WordPress** website, ensuring adherence to brand guidelines and performing hygiene checks.
- Developed and scheduled organic content for **LinkedIn** and **Instagram**, collaborating with stakeholders to curate assets and ensure on-brand visual presentation.
- Executed email marketing campaigns using **CRM marketing software**, managing content creation from multiple stakeholders and building target lists for practice area communications.
- Supported ad hoc internal content creation requests, including basic editing for an internal trainee video and coordinating headshot photography sessions.
- Managed the agreed digital marketing budget and handled day-to-day administrative tasks associated with website, social media, and email campaign activities.
- Contributed to website hygiene and performance reporting against key performance indicators, identifying areas for improvement in user experience and load times.
- Containerized the feature-pipeline services with Docker and deployed them to a Kubernetes cluster (EKS), wiring up Helm chart configuration and basic resource limits for predictable rollout.
