PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Installed and de-installed desktop hardware, including monitors, keyboards, and cameras, ensuring operational readiness for end-users.
- Managed cabling to meet technical standards and completed post-installation testing for all deployed technology.
- Updated and maintained issues logs, recording details of user-reported problems and tracking their resolution status.
- Collected and analyzed trends in end-user technical issues, providing feedback to management for process improvement.
- Performed asset management tasks, including tracking equipment inventory and updating related spreadsheets and trackers.
- Assembled and managed waste disposal for delivered technology components according to site instructions.
- Assisted end-users with testing and post-deployment support, resolving first-line technical issues directly.

SKILLS

Desktop Support – Desktop Support, Hardware Installation, Cabling, Testing, Asset Management, Waste Management

Operating Systems – Linux, Windows

Scripting & Automation – Python, Shell Scripting

Monitoring & Logging – Splunk, CloudWatch, Dynatrace

Databases – PostgreSQL, MySQL, Oracle

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

Development Tools – Git, Jenkins, Jira, Confluence

PROJECTS

Enterprise Hardware Deployment and Support

- Managed the end-to-end deployment of new desktop technology for approximately 150 users across multiple departments, including unboxing, installation, and configuration.
- Executed comprehensive testing protocols for all installed hardware, verifying functionality of desktops, monitors, and peripherals to ensure 98% successful deployment rate on first pass.
- Provided immediate floor-walk support to end-users post-deployment, troubleshooting and resolving initial setup issues and user queries.

IT Asset Management and Lifecycle Support

- Developed and maintained an asset tracking system using Jira and Confluence, cataloging over 500 hardware assets and their deployment status.
- Coordinated the de-installation and preparation of decommissioned IT equipment, categorizing items for reuse or disposal according to company environmental policies.
- Authored standardized documentation for hardware installation and de-installation procedures, reducing onboarding time for new support staff by 20%.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
