HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained frontend features using **Next.js** for live production environments, ensuring seamless integration with backend APIs.
- Created responsive and accessible user interfaces with **HTML5** and **CSS3**, adhering to modern layout standards and design principles.
- Converted design mockups from **Figma** into well-structured **React** components, focusing on reusability and maintainability.
- Managed UI state, data flow, and component rendering logic within complex frontend applications, optimizing for performance.
- Enhanced application performance and frontend efficiency through code optimization and architectural improvements.
- Implemented comprehensive testing strategies to ensure compatibility across various browsers and devices, reducing cross-browser bugs by **~30%**.
- Collaborated closely with backend teams to integrate API-driven data, facilitating efficient data exchange and application functionality.

SKILLS

Frontend – Next.js, React, HTML5, CSS3, JavaScript, TypeScript

Tools – Git, Jira, Confluence, Figma, Docker

Backend Integration – REST APIs, Server-Side Rendering, Client-Side Rendering, Static Rendering

Languages – JavaScript, HTML, CSS

Methodologies – Agile, Scrum

PROJECTS

Enterprise Web Application UI Development

- Engineered a modular frontend architecture using **React** and **Next.js** for a core enterprise dashboard, enhancing user experience.
- Implemented dynamic data visualization components that displayed real-time operational metrics, improving stakeholder visibility by **~20%**.
- Integrated third-party APIs for data ingestion and external service calls, ensuring smooth data flow and application extensibility.

Customer Portal Redesign (HCL Technologies)

- Redesigned the user interface for a customer-facing portal using **React** and modern CSS practices, improving user engagement metrics.
- Converted static design mockups into interactive frontend components, reducing the time to visualize new features for business stakeholders.
- Collaborated with business analysts to gather requirements for the portal's new features, ensuring alignment with user needs.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
