PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided first-line technical support to approximately 10,000 computer users across a large healthcare network, resolving issues via ticketing system and direct user interaction.
- Managed and prioritized incoming support requests, diagnosing hardware, software, and network problems, and escalating complex issues to second and third-line support teams.
- Configured and deployed new user workstations, including operating system installations and essential software packages, ensuring timely setup for new staff onboarding.
- Responded to user inquiries regarding **Microsoft 365** applications, guiding them through common functionalities and troubleshooting minor application errors.
- Maintained accurate and detailed records of all support activities, user interactions, and resolutions within the **ServiceNow** ticketing system.
- Performed routine system checks and preventative maintenance on end-user devices to ensure optimal performance and minimize potential disruptions.
- Analyzed incident trends to identify recurring issues, documenting solutions and contributing to the knowledge base for common user problems.

SKILLS

Operating Systems – Windows 10, Windows 11, macOS

Productivity Suites – Microsoft 365, Microsoft Office Suite, Outlook

Support Tools – ServiceNow, Jira Service Desk, Remote Desktop

Hardware – Desktop, Laptop, Printer Troubleshooting

Networking – TCP/IP, DNS, DHCP, VPN

IT Service Management – ITIL Framework, Incident Management, Change Management

PROJECTS

Enterprise Desktop Support Enhancement (HCL Technologies)

- Streamlined the process for new user workstation setup by creating standardized imaging procedures, reducing deployment time by **15%** for a team supporting enterprise clients.
- Developed a series of user-friendly guides for common software configurations and troubleshooting steps, improving first-call resolution rates for basic inquiries.
- Collaborated with operations teams to troubleshoot and resolve connectivity issues impacting end-user access to critical business applications.

IT Service Desk Knowledge Base Development

- Authored and curated technical documentation for common IT issues and solutions, contributing to a knowledge base used by a support team of 8 engineers.
- Documented troubleshooting steps for **Microsoft 365** application issues, enabling faster resolution for Level 1 support agents.
- Assisted in the triage and documentation of P1/P2 incidents, ensuring clear communication and tracking of resolution progress.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
