PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Coordinated information systems and managed data governance across quality, safety, and service improvement initiatives for a non-profit organization.
- Developed and delivered training materials to staff on new information systems and administrative processes, ensuring effective adoption and usage.
- Managed and processed complaints data, maintaining accurate records and generating reports for service improvement analysis and board review.
- Assisted with the preparation of reports for organizational board meetings, consolidating data from various systems and ensuring accuracy for executive review.
- Provided direct administrative support for quality and systems administration functions, handling documentation, scheduling, and data entry tasks.
- Supported the implementation and maintenance of IT systems, including user account management and basic troubleshooting to ensure operational continuity.
- Analyzed system logs and operational data using **Splunk** to identify trends, troubleshoot issues, and ensure system stability for enterprise applications.

SKILLS

Administration – Information Systems Coordination, Data Governance, Staff Training, Complaints Data Management, Board Reporting, Administrative Support, IT Systems Support, User Account Management

Office Productivity – Microsoft Word, Microsoft Excel, Microsoft Publisher

Data Analysis & Reporting – Data Analysis, Reporting, Data Governance

IT Support – System Troubleshooting, Log Analysis, System Stability, Operational Continuity

Tools & Platforms – Splunk, Jira, Confluence, Microsoft Office Suite

PROJECTS

Quality Systems Enhancement Project (HCL Technologies)

- Supported the implementation of new quality management system modules by configuring parameters and assisting with user acceptance testing.
- Developed standardized documentation and process guides for system administrators, improving consistency in operational procedures across teams.
- Analyzed incident reports to identify recurring system issues and collaborated with operations teams to define corrective actions, reducing ticket volume by approximately 15% over six months.

ERP Systems Integration Support (HCL Technologies)

- Facilitated cross-system integrations between core ERP modules and operational platforms using **REST APIs** and direct database connections.
- Managed change control processes for system configuration updates, coordinating UAT and providing post-go-live support for interconnected business systems.
- Performed data validation and reconciliation between disparate systems using **SQL queries** across PostgreSQL and Oracle databases to ensure data integrity.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
