

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • Stamp 1G — Full-Time Work Eligible

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Authored technical articles and tutorials explaining complex API integrations, contributing to a **15% increase** in developer engagement with documentation resources.
- Developed interactive micro-sites using **React** and **JavaScript** to demonstrate core product functionalities, enhancing pre-sales technical presentations.
- Designed and implemented a **Python**-based integration framework for showcasing extensibility, reducing the average integration setup time for potential clients by **30%**.
- Collaborated with product management to translate developer feedback on API design into actionable insights for the engineering roadmap, influencing **two major feature releases**.
- Created and delivered technical workshops to external developer communities, covering best practices in API consumption and achieving a **4.2/5** average satisfaction score.
- Managed the end-to-end lifecycle of technical content, from initial concept and draft through to final publication and performance tracking using **Confluence** and internal analytics.
- Containerized demonstration environments using **Docker** and orchestrated deployments on **AWS EC2**, ensuring consistent and reliable technical experiences for live demos.

SKILLS

Core Technologies – Python, Java, SQL, Spring Boot, REST APIs, JavaScript, React, Docker, Linux, Git

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Jenkins, Kubernetes

Data & Analytics – Power BI, Tableau, R, pandas, NumPy, scikit-learn, DAX, Power Query, data modelling

Development Practices – Agile/Scrum, CI/CD, code reviews, incident response, change management

Developer Experience – Technical Content Creation, Tutorials, Documentation, Demos, Workshops, Community Engagement, API Integrations, Developer Relations

PROJECTS

Developer Onboarding Toolkit (HCL Technologies)

- Developed a comprehensive onboarding toolkit in **Python** and **Markdown** to guide new engineers through the setup of development environments and common project workflows.
- Created a series of interactive tutorials and quick-start guides that reduced the average onboarding time for new team members by **20%**.
- Authored reusable code snippets and configuration templates for common integration patterns, facilitating faster adoption of new services.

Interactive API Demonstration Platform (MSc Project)

- Built a web-based platform using **Flask** and **JavaScript** to provide interactive demonstrations of various REST API endpoints, allowing real-time testing by users.
- Integrated sample data generation and response visualization features, enabling users to understand API behavior and outputs more intuitively.
- Designed a clear and concise UI that showcased API request/response structures, improving comprehension for non-technical stakeholders reviewing the platform.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
